

MENU RUBRIC

	Yes or No (Circle one)	Points Earned	Comments:
Menu Requirements: (20 points) I have made a dinner menu that has 4 main dishes, 2 side dishes, 2 beverages, and 2 desserts. All items are clearly labeled.	Yes / No		
Prices: (5 points) All menu items are clearly labeled with a price AND my menu has a special / gimmick to entice customers.	Yes / No		
Presentation: (10 points) My menu is colorful and eye-catching. It is neat, organized, and aesthetically pleasing.	Yes / No		
Creativity: (10 points) I have given my restaurant a creative name. My menu is super amazing and not like any other!	Yes / No		
Classmate Critique: (40 points) I have critiqued my assigned classmates' menu. The critique form is attached to this rubric.	Yes / No		
Due date: (5 points) My completed project was turned in on time.	Yes / No		

The following items should be placed in your Ziploc bag:

- **Menu Rubric**
- **Menu**
- **Classmate Critique**
- **All work assigned on classroom critique**

Final Grade:

CLASSMATE CRITIQUE

Name: _____ Class: _____ Date: _____

I am critiquing _____'s project.

1. Make a tree diagram showing all the possible combinations consisting of 1 main dish, 1 beverage, 1 side dish, and 1 dessert for this project. Use another paper. (This MUST be written out!) (10 points)
2. Create a list of all the possible outcomes. Use another paper. (5 points)
3. Use the Fundamental Counting Principle to check that you found all the combinations. This principle states that if the first category has m options and the second category has n options, and if you choose one option from each category, then the number of combinations is $m * n$. (5 points)

Critique Chart: (20 points)

	CIRCLE ONE	
The menu is neat, organized, and easy to read.	YES	NO
All special offers are truthful.	YES	NO
It looks like a lot of effort was put into this.	YES	NO
What did you like most about this menu? Write at least 3 sentences. Be positive!	Comments:
